

AuthManager::requestPassword
Reset

AuthManager::requestRegistrationCode

AuthManager::userExists

```
graph LR; A[AuthManager::requestPassword Reset] --> C[AuthManager::userExists]; B[AuthManager::requestRegistrationCode] --> C;
```

The diagram illustrates a dependency or call relationship. Two white rectangular boxes on the left represent the methods 'AuthManager::requestPassword Reset' and 'AuthManager::requestRegistrationCode'. Two blue arrows originate from the right side of these boxes and point towards a gray rectangular box on the right labeled 'AuthManager::userExists', indicating that both methods call or depend on the 'userExists' method.
