

ТМП Исходники
/Client/avtorisation.h

```
graph TD; A["ТМП Исходники /Client/avtorisation.h"] --> B["QMainWindow"]; A --> C["string"];
```

The diagram illustrates the dependencies of the header file `avtorisation.h` located in the `/Client/` directory of the `ТМП Исходники` project. Two blue arrows originate from the bottom of the top box and point to the boxes below, indicating that `avtorisation.h` includes or depends on `QMainWindow` and `string`.

QMainWindow

string
